## CHOICES MISSION:

---

CHOICES is **an interactive decision-making workshop** that empowers teens to achieve academic success in pursuit of their career and life aspirations. In **two hour-long sessions**, business and community volunteers take students through **real-world exercises on academic self-discipline, time and money management, and goal setting.**

CHOICES aims to:

- Increase the likelihood that at-risk teens will graduate from high school on time
- Instill personal motivation for teens to pursue academic success as a way to achieve their career goals
- Introduce teens to practical life skills in decision making, time management, goal setting, and self discipline
- Build sustainable business, education, and community partnerships in each location

CHOICES has been delivered to more than **6 million teens in three countries since 1985.**

## PARTNERING WITH ROTARY CLUBS:

---

CHOICES brings communities and education together in powerful ways on behalf of teens and provides Rotary clubs a simple, low-cost platform for community engagement, workforce development, and volunteerism. By investing now in the middle and high school students that will soon become our employees and citizens, we can prepare them for their future success—and ours.

To date CHOICES has been delivered by **71 Rotaries in 20 states**, serving more than **104,800 students.**

*"We love the program and think it makes a difference the lives of our students. I also think it helps the presenters feel as if they are sharing their time to make a difference."*

~ Shari Messinger, Rotary Club of Barboursville

*"CHOICES supports all the things we need to be doing for our youth. We've already seen a positive response. A student of ours went through the program and decided afterwards to start a service club in his High School!"* ~ David Matty, Rotary Club of Mountain Home

*"Participants loved the program and thought that the information was well presented and understandable for all."* ~ Martin O'Malley, High Noon Rotary Club
